

## Information About the Service

Hosted Phone System (Hosted PBX) provides a telephone system 'virtually', that is, without the need to have a physical hard-wired phone system installed into your office. A Hosted PBX provides traditional phone system features, however, with a virtual system they are delivered via the Internet.

A minimum term of one month is required for a Hosted PBX service. If you wish to cancel your service we require written notice, one full calendar month in advance of the termination date.

### What is Included:

- Web-based self-management interface to control your service
- Ability to make and receive telephone calls
- Competitive call rates
- Wide range of features for use on your service, such as call menus; call recording; call queues; time of day routing and voicemail
- Use of our URL Net Phone softphone client for Mac, PC, Apple iOS or Android Devices

### What is not Included:

- Telephone hardware, this is sold separately - <https://url.net.au/hardware>
- Internet connection
- Number porting fees (apply if you wish to transfer your number from another carrier)
- Dishonour and late payment fees

### Important Restrictions:

- International phone numbers cannot be ported from us to another carrier
- Included Local+National+Mobile not eligible for call centres, telemarketing, auto-dialers, automation, carriers or high call volume businesses
- Fair use policy applies - <https://url.net.au/fair-use>
- Plans apply to all extensions on a single service and cannot be mixed and matched

### Important Qualifications:

- Requires a reliable high-speed internet connection

## Information About Pricing
